Hello!,

“My name is Carsen Klock and I am a indie web designer/developer. I also do game/desktop development. I have over 5 years of Photoshop expertise and over 3 years of XHTML/CSS. My passion is for web design and development; I am normally always available to create a site for anyone. I am also an average guy, I like to snowboard, skateboard & ski, motorcycle, go offroading, and hang with friends. I currently live in McCall, Idaho and love it there.” According to his web page www.carsenklock.com

You can find his name and designs on the

Internet. Check out his web page. He has designed over 20 web sites using Photoshop or another graphical designing program.

Carsen also has also designed 7 different skateboards and is working on more designs. In his spare time, when he is not in school he plays the guitar.

“I plan to go to college for a major in graphic design,” Carsen told me in his emails. Carsen Klock is 17, in the 11 grade. He is the son of Jeffery A., (Joseph Francis, George Edward, William Edward, Edward E., John David, David Clock, Jacob Conrad Clock, Conrad Clock and Hendrick Klock) and Susanne “Keithley” Klock.

“My father (Jeff Klock) works as the maintenance/supervisor at Brundage Mountain Resort,” Carsen told me in his e-mails. Brundage Mountain Resort is a Ski Resort about 8 miles from McCall, Idaho overlooking the Village of Payette Lake. “My mother (Susanne Klock) works as the manager at Accommodation Services,” according to his e-mails.

I contacted Carsen last month, I wanted to see if I could find his line. Carsen could not tell me very much about his line, but gave me some e-mail contacts of others in his family. I contacted them and they were very helpful. They sent me a lot of information about their family which descend from the Klock/Clock's of St. Catharines, Ontario.

Follow Up to Issue 44 of Klock Connections

In March of 2005, Issue 44 of Klock Connections, there was an article about John Klock and his family. In that article I said I would let you know his line when I was able to find it. I had pretty much forgotten about it until I found an obituary of Lois Klock.

While searching for the line of Lois, I found the connection to John. Lois was John's mother. Lois Irene (Rosentreter) Klock was born in Oak Harbor, Ohio on July 16, 1927, she was the daughter of the late Norton and Emma (Fisher) Rosentreter. After graduating from Oak Harbor High School in 1945, Lois obtained a nursing degree and worked as an army nurse with WWII veterans at Flower Hospital, Toledo, Ohio. Lois moved to Washington D.C. to work with WOL Radio where she earned the call name, "Lois Lane." Lois loved Colorado and eventually returned to work at KBOL Radio in Boulder. She also worked for KRDO Radio in Colorado Springs and gained the nickname, "Rosie." She met Donald L. Klock while working in Boulder and they were married. Donald and Lois had five children. The marriage ended in divorce and Donald married twice more. Lois never remarried and spent her time raising the five children: Chyme who is a school teacher in North Canton, Ohio and is married to Doug Burnham, David lives in Lehi, Utah and is a Realtor. Michael married Robin and is a school teacher in Wapakoneta, Ohio, John and his wife Lygia now

live in Corvallis, Oregon. John is an Associate Professor in Life Sciences. Mary Lou married Dean Labdon of Yakota Air Force Base, Japan. Their mother Lois passed away April 28, 2008 in Colorado Springs at the age of 80.

Don Klock, lives in Wapakoneta, Ohio with his third wife, Mary. Don, who is now 80, with no plans for retirement, owns and runs a company called Don Klock & Association in Wapakoneta, Ohio where he makes party and reunion ribbons. I had talked with Don in 2005 when I was working on the newsletter article about his son. I decided to give Don another call. Don receives this newsletter and forwards it to others in his family. I also called and talked with his daughter, Chyme. They told me to contact Darlene Brumley. Darlene lives in California and does the Genealogy for the family. Darlene is the daughter of Chester Klock, Don's brother. Don gave me her phone number so I gave Darlene a call. We talked for a while and exchanged e-mail addresses. Darlene sent me quite a bit of information she had collected, including pictures, birth, marriage, death records and obituaries. She sent me the picture that is on the front page of her grandparents; Alfred Jarvis Klock and his wife, Maud, Chester and Aunt Dorothy. "Aunt Dorothy died when she was about 16", according to Darlene. Alfred was born September 03, 1881. He was the adopted son of Jarvis L. Klock. Jarvis married Elizabeth Schwinler, the daughter of Charles and Maria "Briss" Schwinler. Elizabeth's first husband was Henry Ortel. After Henry died she married Jarvis L. Klock and on Feb. 6, 1894, Alfred Ortel became Alfred Jarvis Klock.

Alfred married Maud Amelia Caywood on July 11, 1912. Alfred Jarvis Klock and Maud had four children; Dorothy and Chester, Jarvis and Don.

Darlene Brumley told me she researches the Ortel line, because Alfred was the adopted son of Jarvis L. Klock. **Continued Next Page**

Follow Up to Issue 44 of Klock Connections

To me a Klock is a Klock. You cannot choose your children, but in the case of adoption, you can, and then that choice is made from a special kind of love.

Just how many Klocks in my family tree were not Klock's is anyone's guess. Years ago adoptions were never recorded, except maybe in a Family Bible. People died from awful plagues and diseases that today would be cured with a dose of antibiotics and there were a lot of orphaned children. These children would be raised by an Aunt, Uncle, Grandparent, God parent, or close friend, or neighbor. Sometimes the adoptive parent would change the name of the child without going through a legal type adoption. So there could be a lot of Klocks on my tree that were not born a Klock, but adopted by a Klock Family and no record ever recorded of this adoption. So to me, Alfred Jarvis "Ortel" Klock, is a Klock and deserves placement in my Klock Family Tree along with his descendants. But for the genealogical records, I have put the fact that Alfred was adopted in the note section of my family tree.
