

Kylie Klock Benefit

Lt. Bradley Klock and Daughter Kylie

Hi Dave,

I am writing on behalf of my great-granddaughter, Kylie Rae Klock. Kylie is a one year old, who is facing a lifetime of medical treatment. Kylie has been diagnosed with a rare and life threatening disease called "POMPE". Kylie has infantile-onset pompe disease. There is no cure for this disease, but there is a treatment. This requires her to be infused with an enzyme every two weeks.

Kylie lives in Summerhill, a small community in Pennsylvania. She currently has to be taken to Children's Hospital for this treatment. About a one and one half hour drive on a good day.

Kylie is the daughter of Bradley and Dana Klock. Brad and Dana have one other daughter named Cailyn. Fortunately Cailyn has not been affected with this disease.

More information on this disease can be found at:

If you or anyone else would like to contact us, please feel free to email me anytime at Gklock11@comcast.net.

Dave,

I had never heard of Pompe disease until after your phone call and e-mail. I checked the web page. Pompe Disease is a rare (estimated at 1 in every 40,000 births) and terrible disease. The treatment costs an average of \$300,000 a year, and must be taken for the patients' entire life. My thoughts and prayers go out to you and your family.

Lt. Bradley Klock is a 7 year veteran with the Cresson Borough Police Department. Bradley's Grandfather, David Klock is the son of Jesse Thomas Klock (Isaac Augustus, Ira, Isaac, Christian I., John J. Jr., John J., Johannes and Hendrick Klock) and Josephine Brennan.

A benefit fund has been set up at 1 st Summit Bank in Sidman, Pennsylvania. If you would like to send a donation to help defray the cost of transportation and treatment, please send it to:
